## BLENDERS FOR EVERY OPERATION

Choosing the right blender for your business is important whilst they can be a significant investment the return in sales of blended drinks is well worth it.

### STEALTH 885

The Stealth 885 combines durability, power and a wealth of exciting features. Simply put, it's the quietest and most advanced commercial blender on the planet, with an easy to clean tactile touch pad. The Stealth 885 features an advanced sound enclosure reducing blending noise by around 80%.

### CONNOISSEUR 825

The Connoisseur 825 boasts industry-leading power and a wide range of state-of-the-art features designed to ensure speed, consistency, and quality with each and every order. This blender also includes an advanced sound enclosure to reduce blending noise by around 50%.

### STEALTH NBS 895

The Stealth 895 NBS combines durability, power, a tactile touch pad, and sound enclosure with innovative in-cup blending technology. Saving time, resource and money, this is the perfect blender for takeaway, mobile sites or sites with limited access to water.

### CONNOISSEUR 825 SPACESAVER

The Connoisseur 825 SpaceSaver is a workhorse built with longevity in mind. It's powerful and durable enough to stand up to heavy daily use, making it perfect for high-volume shops. With the same motor and programmes as the Connoisseur, the SpaceSaver has smaller footprint, and comes without the sound enclosure.

# JARS & ACCESSORIES

## ALLERGY CONTROL AND BIGGER BLENDS

Blendtec offers a range of jars and accessories so you can meet the needs of your customers and your business. From coloured jars to support allergy control, to the innovation of the cold foam jar, Blendtec has it covered.

### COLD FOAM JAR

Creating cold foam has never been easier. Select the Small Milkshake cycle on your blender and in 18 seconds this circular bladed jar delivers creamy smooth cold milk for hundreds of uses.

### RAPID RINSE STATION

Perfect for keeping jars clean, the compact Rapid Rinse Station reclaims valuable counter space.

### FOURSIDE JAR

The standard Blendtec jar, the FourSide Jar has a square shape and patented wingtip blade, creating a better blending vortex to micronise ingredients, delivering results in seconds.

### WILDSIDE+ JAR

Offering 50% larger capacity than the FourSide Jar, the WildSide+ Jar produces thicker, faster blending and shorter wait times. Its extra-wide base is able to deliver even higher volumes than the standard FourSide jar.

### TWISTER JAR

Capable of blending the thickest recipes, the Twister Jar lets you expand your menu to anything from nut butters and hummus to super-thick shakes.
